Kittilitt 10kg – Full Pallet

When it comes to keeping your home clean and your feline friend happy, our full pallet Kittilitt is the purr-fect choice. Made from 100% natural wood fibres, these wood pellets are specially designed to provide excellent odour control, superior absorption, and a virtually dust-free environment for your cat. Unlike traditional clay-based litters, Kittilitt is biodegradable, making it an eco-friendly choice for responsible pet owners.

Eco-Friendly and Sustainable

Made from 100% natural wood fibres, our wood pellet cat litter is biodegradable and sourced from responsibly managed Scottish forests.

Superior Odour Control

The natural wood fibres neutralise odours, keeping your home fresh without chemical additives.

Low Dust and Low Tracking

Our virtually dust-free formula ensures a cleaner home and healthier lungs for your cats.

Easy to Maintain

With high absorbency, you won't need to change wood pellet cat litter as often as traditional litters, saving you time and effort.
